# CD-350 Combo

## One-Touch Backup (OTB) Function:

Save your files with our OTB function. Install the software and begin your backup immediately. Push a button and let our program take you through it.

## Multifunctional Converter:

Access your 2.5", 3.5" or 5.25" Serial ATA and IDE/PATA hard drives conveniently using the USB 2.0 interface. Convert effortlessly.

## Power:

For 2.5" hard drives, just plug in the Y-USB cable, and you're good to go - supports USB bus power. For 3.5" and 5.25" hard drives, a simple 5V/12V power adapter will do the trick.
