CD-391 SERIES

Hairline Finish:

Hairline finish aluminum alloy enclosure to leave a sleek, classy look that's easy on the eyes. (Available in copper and titanium colors.)

USB 2.0 Interface:

Uses one of today's most common interfaces to help you transfer your data conveniently and efficiently. USB 2.0 can support a speedy rate of up to 480Mbps.

3.5" SATA I/II HDD:

Supports 3.5" Serial ATA I/II hard drives up to capacities of 1TB.

One-Touch Backup Function (OTB):

Ease your backup needs with the OTB function and store all your important information safely and securely in your external hard drive.

Cooling Fan:

Comes with an 80mm cooling fan to help you maintain a cool surface and hard drive along with the aluminum alloy casing, which provides top heat dissipation effectiveness.
